Live Band Rider - Page 2:

Visual:

Please advance if there is an LED wall that we'll send you our visual pack.

Effects:

Please advance for any stage effects like CO2, pyro or confetti.

Stage Hands For Load-In:

We need 2 stagehands for load-in and it will take around 15 minutes.

Sound Check:

Load-in, stage setting and sound check will take around 2 hours so please have your sound guy and your LD guy around that time.

Lights and Haze:

We don't travel with LD and we'll use the service of the local LD. We request a bright stage lighting and low use on the haze or smoke. Please check "Stage Setup Layer 2 - Page 5" for positions because we'll need spotlights on the keyboard, on the drums and downstage.

Stage Hands For Load-Out:

We need 2 stagehands for load-out and it will take around 30 minutes.

Hospitality:

Hospitality for sound check and for show time please check page 6.
